LINEAR LED TRACK LIGHT

TALOS

LINEAR LED TRACKLIGHT

Up to
Actual
160 lm/W 

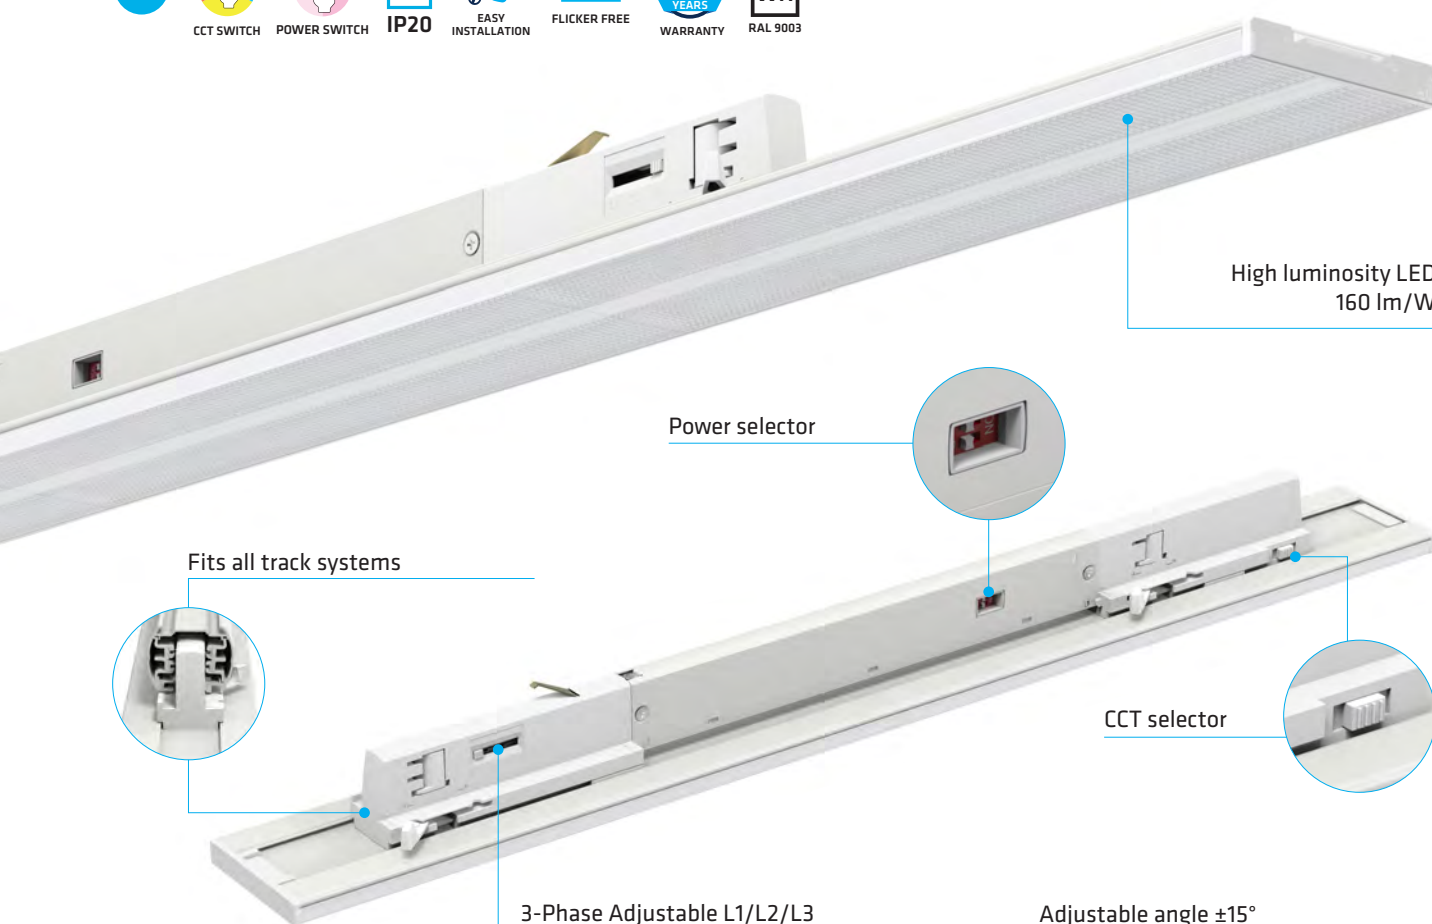

At **Threeline Group**, we present **TALOS**, a solution designed for projects requiring general, uniform and high-performance lighting without compromising the versatility of track systems.

With an efficiency of up to 160 lm/W, **TALOS** is available in two standard lengths (600 and 1500 mm) and integrates CCT and power selectors directly into the module.

Designed with a minimalist profile, **TALOS** provides uniform and comfortable light. Its $\pm 15^\circ$ adjustable orientation allows the beam direction to be adapted to the needs of each space.

Its modular concept makes it possible to use the same track to combine **TALOS** linear lighting with our Tracklight spotlights, providing a flexible solution for retail spaces and other projects seeking to combine lighting uniformity, versatility and a modern aesthetic.

FEATURES

Adjustable angle $\pm 15^\circ$

Pull down and rotate to adjust.

• Power Switch (600 mm)

	1	2	Prated (W)
12 W	OFF	OFF	12
16 W	ON	OFF	16
20 W	OFF	ON	20
24 W	ON	ON	24

• Power Switch (1500 mm)

	1	2	Prated (W)
51 W	OFF	OFF	51
56 W	ON	OFF	56
61 W	OFF	ON	61
66 W	ON	ON	66
